

# Net Control Script for W0SW Amateur Radio Net

Date: \_\_\_\_\_

Start on 146.910- repeater.

Good evening. This is club W0SW (Whiskey Zero Sierra Whiskey). My name is \_\_\_\_\_ and my callsign is \_\_\_\_\_.

I will be tonight's net control for the Willmar Area Emergency Amateur weekly radio net. This net is held weekly on Sunday nights at 7:00 p.m. starting on the 146.910 repeater and then switching to test the 147.030 and 444.800 repeaters. These net meets to test equipment and let members and non-members exchange information and handle any message traffic.

Is there any emergency, messages, or welfare traffic before we begin taking regular check-ins (listen a few moments before taking check-ins)

Anyone wishing to check into the net, please give your call sign twice, once phonetically, followed by your name and location.

Are there any other stations wishing to check in? (Continue taking check-ins)

Last call for anyone wishing to check in to the Willmar Area Emergency Amateur Radio Club net?

(Give any announcements, events and/or reminders of the next meeting tec.) Remember to check the club's website at ([www.w0sw.club](http://www.w0sw.club)) to sign up for text reminders, our groups.io email reflector at (W0SW@groups.io) and Willmar Area Emergency Amateur Radio on Facebook.

Thank you for checking in. By my count we had \_\_\_\_\_ check ins. (After testing the 146.910 repeater, announce that you are closing this net and starting a new net on 147.030 and 444.800 repeaters)

The Willmar Area Emergency Amateur Radio Club net is now closed, and this repeater is now turned back to regular amateur use. Thanks again for your participation. This is \_\_\_\_\_ (your call sign) clear.

Switch to the 147.030 and/or 444.800 and continue check ins/nets on those repeaters.
